Apartment

Status

Under construction

Energy efficiency rating

 A+

Set on the third floor, this distinctive 2-bedroom apartment stands out for its exceptionally large outdoor space. The property offers 75 m² of covered internal area, a 24 m² covered veranda.

The highlight is the continuous, wraparound veranda, extending around the apartment and creating an unusually generous outdoor setting for a 2-bedroom residence. It offers plenty of room for outdoor seating, dining and relaxation while giving the home a strong connection to the outdoors.
